

Lecture - 1

Accounting

Identifi

+ Recordings + communication.

Cash

Final Balance

Balance sheet

Equipments

Income statement

Supply

Cashflow statement

Capital

Tuition fee

Salary Expenses

Rent Expenses

Advertising Expenses

Users of Accounting are

1. Internal users

2. External users:

(I) Accountant

(I) Creditor

(II) Account officer

(II) Investor's

(III) CEO

(IV) chairman

(V) MD

Basic Equation of Accounting are

Asset = Liabilities + Owner's Equity.

Cash

Notes payable

Owner's capital

Account Receivable

Accounts Payable

Owner's Drawings

Interest Receivable

Unearned service Revenue

Common Stock

Inventory

Interest payable.

Preferred Stock

Equipment

Dividends payable

Retained Earnings

Prepaid Rent

Income tax payable

Dividends.

Land

Premium on Bonds payable

Income Summary.

Supplies

Mortgage payable.

Treasury stock.

Buildings.

Discount on Bonds payable.

Revenue, Expenses

Question solve (2019 4(a))

Tabular Analysis

Tr #	Asset				= Liabilities		+ Owner's Equity			
	Cash	Account Receivable AIR	Supplies	Equipment	Account Payable AP	Note Payable NIP	Capital	Revenue	Expenses	Drawing
01	100000						100000			
02	-30000			30000						
03			7500		7500					
04	-5000								-5000	
05	25000							25000		
06	-12000								-12000	
07		15000						15000		
08	-3500								-3500	
09	-5000									-5000
	69500	15000	7500	30000	7500		100000	40000	-20500	-5000
	122000						122000			

Accounting

Set A

1. Industry
2. Business
3. Management

Set B

1. Definition + Math
2. Math (Accountings)
3. Costings (Math)

Renano's Travel Agency
Tabular Analysis

personal purpose
2021

Tr #	Asset				= Liabilities		+ owner's Equity			
	Cash	A/R	Equipment	Supply	A/P	N/P	capital	+ Revenue	- Expense	- Drawings
01	\$15000						\$15000			
02	-\$600								-\$600	
03	-\$3000		\$3000							
04					\$700				-\$700	
05	-\$800			\$800						
06	\$3000	\$7000						\$10,000		
07	-\$500									-\$500
08	-\$500				-\$500					
09	-\$2500								-\$2500	
10	-\$4000	-\$4000								
	\$14100	-\$4000	\$3000	\$800	\$200		\$15000	\$10,000	-\$3800	-\$500
	20900						20900			

Income Statement

Total Revenue	= \$ 10,000
less Total Expens	= - \$ 3800
Net income	= \$ 6200

Owner's Equity Statement

Begining Capital	= \$ 15000
Add: Net income	= \$ 6200
Less Drawings	= - \$ 500
	= \$ 20700

Balance Sheet

Total Asset	{	Cash = \$ 14100
	{	A/R = - \$ 4000
	{	Supply = \$ 800
	{	Equipment = \$ 3000

Liabilities and owner's Equity	{	A/p = \$ 200
	{	Capital = \$ 15000
	{	Revenue = \$ 10000
	{	Expences = - \$ 3800
	{	Drawings = - \$ 500
